Milena *11e* by Cetrix

The **Milena 11** series of laptop are introduced by CETRIX as a performance, lightweight portable computers that everyone can afford to have. Schools, public offices, small businesses and home office workers can all benefit from **Milena**'s features and options in aligning their work to the latest technology innovations.

Performance from The Bottom Up

Milena 11e is equipped with Dual and Quad Core Intel® Bay Trail processors known for their low power consumption and flexible features. It is well designed to utilize the features provided by these processors to surpass any performance demands in educational and ordinary work environments. And yet, it is the most cost efficient laptop in the market.

Some of these options are: Pentium® or Celeron® processors, up to 4GB of DDR3 memory, up to 512GB of SSD storage, AC WiFi (Optional), HD audio and video, and 6-7 hours of battery power.

Simple, Solid, Sleek, and Stylish

With **Milena 11e** is designed in a way to please the eyes when looked at, and hands when worked with. The smooth and sleek outward shell is easy to handle, and the port locations are easy to access. The typing with **Milena**'s keyboard is a pleasure for fingers, and the trackpad is simple to work with.

Lightweight Thin, and Easy to Operate On-The-Go

Milena 11e is small and thin enough to fit in almost any size hand bag or backpack. Ease of handling and lightweight makes it an ideal companion when you need to work on-the-go while you are traveling.

Technical Specifications

Display	11.6" HD Display 1366 x 768 pixels, 16:9 Aspect Ratio
CPU [1]	Intel® Pentium® N3540 Processor (2.2GHz, 2MB Smart Cache) Intel® Celeron® N2940 Processor (1.6GHz, 2MB Smart Cache) Intel® Celeron® N2840 Processor (1.6GHz, 1MB Smart Cache) Intel® Celeron® N2808 Processor (1.6GHz, 1MB Smart Cache)
GPU [2]	Intel® HD Graphics (Gen 7) - Dynamic frequency - Intel Dynamic Video Memory Technology - Microsoft DirectX® 11.1 compatible
Memory [3]	2GB DDR3L 1333MHz, 204 pins SODIMM socket (Expandable to 4GB)
Storage [4]	32GB eMMC (Optional 64GB, 128GB)
Operating System	Windows® 8.1, 10 (64-bit) Linux Ubuntu (64-bit)
Camera	0.3MP Camera (Optional 2.0 MP HD)
Audio	High Definition Audio Built in microphone Built in two speakers
Keyboard	Multi languages isolated keyboard Built in two-button touch pad with multi-gesture and scrolling
Wireless Technologies [5]	10/100Mb Base-TX Ethernet LAN Wireless LAN 802.11 B/G/N Bluetooth v4.0 Options: - 3G (UMTS/HSPA)
Ports & Connectors	2 x USB 2.0 ports 1 x HDMI output port (with HDCP) 1 x Headphone jack 1 x Microphone jack 1 x RJ-45 LAN port 1 x DC-in jack
Card Reader	3-in-1 Card Reader - SD/MS/MMC/MSPRO
Power & Battery [6]	Full Range AC adapter, AC in 100/240V 50~60Hz, DC out 18.5V*2.2A Battery life with 5000 mAh Smart Lithium-Ion battery: 5 hours
Physical Characteristics [6]	290(W) x 182(D) x 12(H)mm 1.6Kg (with Battery)
Warranty	1 year Limited Warranty for all components except LCD and battery 12 month Limited Warranty for LCD panel 6 month Limited Warranty for battery 120 Days Free Technical Support
Package	Charger (Optional UK, EU, USA Plug) Warranty Card User Manual
Optional Accessories	USB 3.0 Dock & Port Replicator USB Magnetic Strip Reader (MSR) Fingerprint Scanner (USB) Hi-Fi Stereo Headphone (Bluetooth or Wired) Bluetooth Portable Speaker Carrying Case Backpack

Specifications Notes:
(1) Type of CPU is specified when ordering
(2) GPU depends on selected CPU
(3) RAM is optional and selectable based on CPU
(4) Amount of storage is optional starting with 32GB
(5) Optional Cellular Modules can be included inside device
(6) Battery Life may vary depending on applications, configuration, different operating conditions and settings.
(7) Weight tolerance is +/-5%
